

## MINE WASTE: HOW, WHAT, AND NOW WHAT?

Come and learn about the history of gold mining in California and its legacy of lasting impacts on the environment.

Randy Bolt, Park Interpretive Specialist with the California Mining and Mineral Museum, will present a look at mining methods from the early days to the present, the various kinds of waste each method creates, where chemicals have been introduced, and why they are still here. You'll come away with a factual foundation of knowledge about the effects of mining in the watersheds of our Golden State.

**WHEN:** Wednesday, December 2, 5:30 pm

**WHERE:** The Bodie Room, Yosemite Bug Rustic Mountain Resort  
6979A Highway 140, Midpines

**COST:** FREE!

Presented by the Upper Merced River Watershed Council,  
a project of the Mariposa County Resource Conservation District
